

INTRODUCTION TO THE LONDON INSURANCE MARKET

Course Description

This course will provide an insight into the London Market, including an explanation of its institutions, the market place, the role of the participants, and an update on the evolving market processes and procedures. It will also explain the recent initiatives in Lloyd's and take a view on how the market is likely to evolve.

Target Audience

The course will be of value to anyone who has just joined the industry, or who wishes to broaden his/her knowledge of how the market operates. It will also be very useful to anyone from outside the London Market, but who has business involvement in London.

Course Objectives

On completion of the course delegates will:

- understand the importance of the London Market
- understand the processes and procedures of the London Market
- have a knowledge of the role of the London market participants, institutions and associations
- have a view of the future market

Course Format

The course will be presented by a lecture, discussion, exercises and case studies.
