

## **ADVANCED LIABILITY INSURANCE: EMERGING RISKS AND RECENT DEVELOPMENTS**

### **Course Description**

This course will provide a detailed analysis of the emerging issues currently facing the liability market. This will include recent legal developments, courts' decisions on policy coverage, and an examination of some of the emerging risks now facing insurers.

### **Target Audience**

This course will be of interest to anyone involved in Liability business and who wishes to enhance that knowledge.

### **Course Objectives**

On completion of the course delegates will:

- Understand the rationale behind recent court decisions relating to personal injury, property damage, economic loss and other insurable liability claims
- Understand court decisions relating to policy coverage
- Be aware of some of the risks brought about by scientific and technological developments that impact on the liability insurance market

### **Course Format**

The course will be in the form of an interactive workshop with presentations and case studies.

### **Course Content**

#### **Legal Developments**

- A review of recent statutes and court decisions relating to insurable liability risks

#### **Policy Interpretation**

- Recent Court Decisions on Policy Coverage

#### **Policy Development**
