

INTERMEDIATE DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

Course Description

The course will provide delegates with a detailed explanation of how directors, officers and the company may incur liabilities and costs. The course will include an examination of emerging risks. It will also give an analysis of policy coverage. The course will relate mainly to English law and practice with some reference to the USA.

Target Audience

This course will be of interest to anyone who has some experience of Directors' and Officers' Liability business or has a little knowledge they would like to enhance.

Course Objectives

On completion of the course, delegates will:

- understand the roles and responsibilities of directors and officers
- have a detailed understanding of relevant legislation and case law impacting on directors and the company
- understand in detail the extent of cover provided by a Directors' and Officers' Liability policy
- have knowledge of the factors which determine how risks are assessed
- understand current developments and emerging risks in the Directors' and Officers' insurance market

Course Format

The course will be presented as an interactive workshop with a combination of presentations and case studies.
