Trainer Neil Park MA MBA FCII

Neil Park is a business trainer and consultant working inside and outside of the insurance and risk management industry. He spent seventeen years managing major client relationships and leading broking teams in the London and North American insurance markets. Whilst in North America he coordinated the Professional Indemnity programmes of a Big 4 accountancy firm. In the UK he advised large UK multinationals on their risk financing and risk management requirements specialising particularly in the engineering, retail, telecommunications and construction industries. He advised on all major non-marine classes of insurance including Property Damage/Business Interruption and Liabilities (including Directors and Officers and Professional Indemnity). He also assumed a project leadership role managing various projects including company conferences, the establishment of a captive consultancy service line and led the project which embedded project management disciplines throughout the broking operation.
