

INTRODUCTION TO TERRORISM AND WAR ON LAND INSURANCE COVER

Course Description

This course provides an introduction to the cover provided by marine war, strikes and terrorism clauses and wordings in the London Market. It provides a broad knowledge and understanding of war and terrorist wordings.

Target Audience

The course is suitable for anyone who wants to extend their knowledge of war, strikes and terrorism risks in the current market. Suitable for both underwriting and broker staff, in placing and claims. The course assumes no prior knowledge. The course will also be of use to anyone who works in underwriting or broker back up who needs a broad knowledge of the subject.

Course Objectives

On completion of the course delegates will:

- Understand how war and terrorism cover has evolved
- Understand the problems of defining cover and obtaining information
- Understand the exclusions on marine hull policies and how these can be covered in the marine market
- Understand the exclusion on aviation hull policies
- Understand the cover available for war on land

Course Format

The course will be run as an interactive presentation with discussion and relevant case studies and exercises.
