This Conference will be of interest to anyone involved in Professional Indemnity Insurance, including underwriters, claims managers, risk managers, lawyers and brokers.

THE PROFESSIONAL INDEMNITY FORUM

PIF was formed many years ago by leading underwriters in the London Market with a view to improving levels of knowledge in the market as a whole. PIF is now a Committee of the International Underwriting Association of London Ltd (IUA). Membership is open to all IUA members together with invited underwriting representatives from other syndicates and companies. PIF presents a forum for discussion of issues of interest to the PI Market. It also seeks to promote sound principles for best practice, provide education to its members and formal liaison with other professional bodies. This Conference gives the members of PIF the opportunity to further its aims and to involve others in the industry who have an interest in Professional Indemnity Insurance.
